

## The Males Place Mantra

I watch my **thoughts**, they become my **words**.

I watch my **words**, they become my **actions**.

I watch my **actions**, they become my **character**.

I watch my **character**, it determines my **destiny**.

Values are categories and priorities which enhance or diminish human possibilities. As a result of the manhood training I'm receiving at The Males Place, I have a positive focus on my thoughts, words, actions, character, and destiny which will enhance my possibilities, thus benefiting myself, my family, my community and my people.

## Farming & Agriculture History

Since 2009, the Males Place Farm has been a proud agricultural leader in the production and distribution of clean, fresh, seasonal, culturally appropriate produce.

It is our vision to be a food oasis; a beacon of hope and an inspiration to our people. We hope to help reclaim our glorious agricultural and self-sufficient traditions.

The Males Place lovingly offers direct access to Black farmers, certified master gardeners along with young Black inspiring farmer's that produce thousands of pounds of fresh vegetables, fruits and herbs distributed to participants, families, seniors and all underserved neighbors along the Beatties Ford Road Corridors.
